

30 June 2009

Dear Friends ,

2009 TAX TIME is here.

Last financial year has seen a lot of turmoil in the world financial markets and there is a lot of financial uncertainty everywhere. We all have been affected directly or indirectly.

It is more important than ever before to have qualified and experienced accountants to help you during these difficult times and to get you the "MAXIMUM LEGALLY ALLOWABLE TAX REFUNDS".

As you recall, tax practice started by me boasted of around 7000 clients around 1999, having started in 1994 with zero clients. My clients have always appreciated the expertise, confidentiality, trustworthiness and client responsiveness that we as a team ensured. You can now expect the same at Atozed Financial services Pty Ltd.

I will be personally doing tax returns along with my team and will be available to do tax returns at Sydney office as well as on fixed times at our site offices including Melbourne, Canberra and Parramatta. Please check our website www.atozed.com.au for details.

I am very happy to announce our other group businesses. Please let us know if you can be associated with any of the related businesses :

- (1) Power Education Limited www.powercricket.com.au (Unlisted public company in sports education, sports tours & sports merchandise)
- (2) Australian Jobs & Student Services www.ajss.com.au (Students agency, jobs network and other related services.
- (3) Absolute Approvals Pty Ltd www.approvals.com.au (loans, debt consolidations, general insurance, credit repaired)
